

California Friendly & Native Plant Landscape Training

WHEN: Wednesday
April 22, 2026
11:00 am - 12:30 pm

WHERE: Rocketship Hall
Marine Avenue Park
1625 Marine Avenue
Manhattan Beach, CA 90266

This class introduces participants to the core principles of sustainable landscaping, tailored specifically for California's unique climate and ecology.

- Build Healthy Soil - Discover the importance of soil biology
- Capture Rainwater - Explore simple strategies to reduce runoff and replenish groundwater
- Select Climate-Appropriate & Native Plants - Choose vibrant, low-maintenance plants
- Use High-Efficiency Irrigation - Implement smart irrigation systems that reduce waste and save money
