dear City Council members,

I'm really hoping you will support the new community center/Scout house that's being planned for Manhattan Beach.

We've been looking forward to this for years, since 2014! As a volunteer at the Joslyn Center, I'm teaching at least 35 students each week in a small classroom. You know how the Manhattan Beach older adult program is so busy, and we really need more space.

Please consider supporting it. I'd much rather have a new community center than a new parking lot.
